a. Purchase and install a 20,000 gallon water tank to complete the Fire Suppression for the Crystal Chapter multi-purpose building (MPB). The 20,000 gallon water tank will also require a Fire Pump House, concrete pad for the water tank, concrete fire pump house, underground water lines and electricity. To date the chapter has been able to operate with fire extinguishers as they have been without a Fire Suppression able to deliver water to the existing sprinkler system since the building was built.

Throughout COVID-19, the Chapter MPB was utilized to store, then distributed PPE and sanitation items to provide individuals with air-born and physical protection; water, bulk storage of non-perishable food to sustain members; and heating supplies such as wood, coal and wood pellets. The Chapter continues to store PPE to distribute during periodic reported increases with infections, and when requested by Chapter Members for safety measures. The Crystal MPB is the hub for storage and distribution servicing the Crystal chapter members for COVID-19.

#### Crystal Chapter – Fire Suppression

#### Appendix A

a. A new 5,000+ sq. foot Chapter House was constructed under the direction of the Navajo Nation DCD CPMD and opened in September, 2013. One critical area of the Chapter not completed during the construction was the Fire Suppression / Water Tank Installation (FS/WTI). The FS/WTI must be installed and functioning in order to 'insure' the Chapter House Multi-Purpose Building with Risk Management.

Bids for the construction of the FS/WTI were submitted to NN DCD CPMD in 2021 with the selection made for ARVISO Construction Company, Inc. January 13, 2022 for \$1,306,415.00. After meeting with Andy Thomas and Marcus Murphy on April 12, 2023, they projected the increase of cost to be the following:

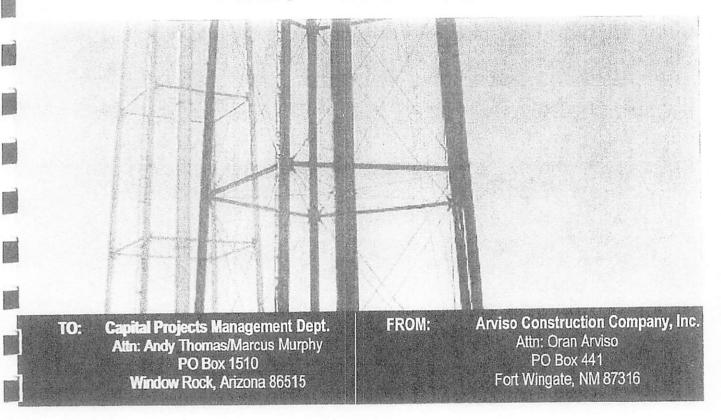

- \$ 1,306,415 Original Bid (January 13, 2022)
- \$ 1,633,019 Add 25% inflation \$ 326,604 (effective April 12, 2023)
- \$ 1,796,321 Additional 10% <u>anticipated</u> inflation \$ 163,302
  - b. Funding sources to complete the (FS/WTI) provided to date include:
  - \$876,000 Navajo Nation Sihasin Fund
  - \$ 165,667 Sihasin Fund (Crystal Chapter Green Knoll Water Line unable to install due to a species of endangered plant). Funds will be used for the FS/WTI.

Crystal Chapter will still be short funds in the amount of \$ 754.654. We are requesting \$800,00 to cover potential inflation exceeding 10 percent.
