**Crystal Chapter does not own any vehicles for servicing remote community members. Chapter members without sturdy vehicles and many with no vehicle, are unable to maneuver difficult terrain to access the Chapter House facility. Many seniors reside in older family homes located in remote areas of Crystal, including the base of the Chuska mountains. With the advent of COVID-19 and most recent effects of climate change (August 2022 monsoon and harsh rain storms) the roads have become more difficult to navigate; the sandy soil composition adds to the challenge.**

3. On March 6, 2021, the U.S. Congress approved the American Rescue Plan Act of 2021; and on March 11, 2021, the U.S. President Joe Biden signed it into law; and
4. The Navajo Nation received 1.9 billion of funding through the American Rescue Plan Act of 2021; and established the Navajo Fiscal Recovery Fund ("FRF") Office to oversee the application for proposals for the ARPA projects for Navajo chapters; and
5. The Navajo Division of Community Development is identified in the Navajo Nation Council Resolution C is managing the Navajo chapter governance of the ARPA proposals submission for the 110 Navajo governance chapters. 9. The Crystal Chapter is submitting six projects for the American Rescue Plan Act ("ARPA") proposal to the Navajo Nation Division of Community Development according to the project checklist and the ARPA guidelines. Projects serving individual community members and their families rather than the community are on "needs based." The following are the identified APRA projects for the funds of proposed capital items:
  - a. Infrastructure of Electricity, water access, bathroom additions, bathroom renovations – The Crystal community still has families lacking basic necessities to keep minimum sanitation because of lack of water, lack of bathroom, and lack of electricity. These lack of

infrastructures adversely affect the community members because they cannot improve their well-being to keep their homes and family sanitized to fight the pandemic.

- b. Storage Warehouse, 50 ft. x 80 ft. x 18ft. – to store perishable food items, medical supplies, equipment that will be used in emergency situations; particularly to combat devastation of dealings with the COVID-19 pandemic. We need to store heavy equipment to keep them mechanically functioning to assist community members during the loss of their family members as result of COVID-19 pandemic.
- c. One (1) Three-quarter (¾) ton 4x4 Truck
- d. Twenty (20) foot Gooseneck trailer with five feet ramps

The Chapter hereby supports the proposal of the Navajo Nation government for the American Rescue Plan Act/Fiscal Recovery Funds as intended to support governmental efforts to mitigate and contain the spread of COVID-19, as well as to respond to the health, social and economic impacts of COVID-19 suffered by residents and businesses. In accordance with Section 9901 or ARPA, Fiscal Recovery Funds shall only be used for following:
  - 1. To respond to the COVID-19 public health emergency or its negative economic impacts, including assistance to households, small businesses, and nonprofits; or aid to impacted industries such as tourism, travel, and hospitality.
  - 2. To respond to workers performing essential work during the COVID-19 public health emergency by providing premium pay to eligible workers.
  - 3. To provide government services to the extent of the reduction in Navajo Nation revenue due to the COVID-19 public health emergency, relative to revenues collected in the most recent full fiscal year prior to the emergency; and
  - 4. To make necessary investment in water, sewer, or broadband infrastructure.
- B. Under the direction of the FRF Expenditure Plan Budget Crystal Chapter is supporting the Project and affirming that the Chapter will only use awarded Funds in compliance with the ARPA, the ARPA Regulations, and all other applicable Navajo Nation and federal laws and regulations. This provision does not apply to formula-based distributions of Fiscal Recovery Funds to Non-Governance Certified Chapters.
- C. The Crystal Chapter leadership and its community members support the proposal of the above-mentioned capital items for ARPA/FRF funding according to the American Rescue Plan Act appropriations regulations and guidelines.

August 29, 2023, ¾ Ton 4x4 Truck Submission

The original submission for this ARPA project was November 11, 2022. Included with the submission was the same quotes attached to this August 29, 2023 submission.

Over the past month and a half, I have repeatedly reached out to both Courtesy Chevrolet, Phoenix, AZ and Webb Chevrolet, Farmington, NM for updated quotes to reflect inflation. Both dealerships only provide quotes for trucks that are sitting on the lot including trucks that are less than ¾ ton 4x4, run on diesel instead of gas, and do not include the 5<sup>th</sup> wheel package. Thus, I was left to submit the original quotes.

From resubmission of pricing for another ARPA project, I learned there was an increase in pricing of 20%. I am not certain what the rate of inflation is for new trucks, but have increased the requested amount to \$76,000 to make certain the increased cost is fully covered.
