Premium Pay: To qualify as “premium pay” (also considered "hazard pay") there are several requirements that must be met. Under the American Rescue Plan and guidance issued by the U.S. Department of Treasury, Fiscal Recovery Funds (FRF) can be used for premium pay only in limited situations.

Specifically, FRF can only be used to provide *premium pay* to *eligible workers* that are performing *essential work* to *respond* to pandemic.

The italicized terms are further defined as follows:

- Premium Pay = Up to \$13 per hour; no more than \$25,000 per employee in total. This must be paid in addition to the employee’s regular compensation.
- Eligible Workers = Are those employees needed to maintain continuity of operations of essential critical infrastructure sections and additional sectors as each government may designate as critical to protect the health and wellbeing of residents. This includes those providing vital services to Tribes.
- Essential Work = Is that work that requires interaction with people or things that have interacted with people. This definition would exclude hour that were teleworked.
- Respond = To be responsive, Treasury guidance indicates that one of the three conditions must be met:

Condition 1: The employee’s total pay (premium pay and regular compensation) must be less or equal to 150% the state’s or county’s average annual wages for all occupations; or

Condition 2: The employees who are eligible to receive premium pay must be eligible for overtime under the Fair Labor Standards Act (FLSA).

Condition 3: A justification must be submitted to Treasury explaining how the premium pay is responsive to the COVID-19 pandemic.

Finally, while premium pay can be paid for work retroactive back to March 3, 2020, it cannot be paid for work after April 10, 2023, the date on which the National Emergency ended.

The Project should be resubmitted and answer the following questions:

1. Are the workers eligible to receive payments employees of the Chapter or the Tribe?
2. Did the workers performed essential work, as defined above?
3. Did the workers all perform essential work in the time frame of March 2020 to April 10, 2023?
4. Based on the time frame to which the premium pay relates, confirm that the premium pay will be in addition to regular compensation and will not be more than \$13 dollars an hour. Stated differently, a worker cannot work have worked 10 hours between March 3, 2020 and April 10, 2023, and receive any more than \$130 dollars in premium pay.
5. Describe how the premium pay responds to the pandemic, specifically which of the three conditions outlined above is met.

HK0693: Hazard/Premium Pay

- 1. Are the workers eligible to receive payments employees of the Chapter of the Tribe?**
 - a. Yes, all employees are receiving payments they are past or current employees that were employed during the time of COVID-19.
- 2. Did the workers performed essential work, as defined above?**
 - a. Nazlini employees did perform essential work during COVID-19 worked during closure in order to meet operational requirements of the community by one on one contact with community members to serve water selling, trash services, delivering heating items such as woods and coal, disbursing/delivering cleaning kits, disbursing/delivering food boxes including water, if someone in the community was positive for COVID-19 we would deliver items wood, coal, water and food boxes to the door step of the homeowners, disbursing home test kits and burial services that were needed for community.
- 3. Did the workers all perform essential work in the time frame of March 2020 to April 10, 2023?**
 - a. The Nazlini chapter has employees list of names that worked during the pandemic between March 2020 to April 2023 on file with our accounting system under payroll listing shows all who worked during the pandemic and can filter between the years to be accountable by using US treasury monies.
- 4. Based on the time frame to which the premium pay relates, confirm that the premium pay will be in addition to regular compensation and will not be more than \$13 dollars an hour. State differently, a worker cannot work have worked 10 hours between March 3, 2020 and April 10, 2023, and receive any more than \$130 dollars in premium pay.**
 - a. Yes, Nazlini Chapter Government will use a onetime disbursement of employee that worked during the pandemic and will not exceed \$25,000.00 or \$13.00 an hour. Under the accounting system called MIP can account for hours worked during the pandemic which will

them create a list that will include hourly wages to insure we are using the monies correctly.

5. Describe how the premium pay responds to the pandemic, specifically which of the tree conditions outlines above is met.

- a. Premium pay is intended to compensate essential employees for heightened risk due to COVID-19. In research I found that 8.3 % of Government- based services is counted under the pandemic. Essential workers who been and continued to be relied on to maintain operations continuously of essential critical infrastructure sectors, including those who are critical to protecting the health and well-being of their communities. I believe with regular in person interactions working with the community has put my workers in the essential worker criteria. Not to mentioned the regular physical handling of items that were also handle by other such as paperwork and exchanging of money that carried COVID-19 as we come to know, door knobs, intakes for Navajo Nation hardship applications where some of our constitutes didn't know how to fill out the forms so one on one was needed. My employees also were in the category of many people that worked during these conditions for lower wages and would like to have them compensated. My workers met the conditions as described above would fall under
- b. **ELIGIBLE WORKERS** due to the federal regulations Government-based services. Since we are working under the Navajo Nation as employees and as a certified chapter we fall under government bases entity which allowed us to be essential workers that provided services to our community during the pandemic.
- c. **ESSENTIAL Work** was done by these employees that worked during COVID-19 in helping with operational requirements of the community by one on one contact with community members.
 - i. The community needed watering services at the chapter so the chapter needed to be open to take monies from the constituents which carried the risk of catching COVID-19 because the money was carrying the diseases.
 - ii. The community needed trash services at the chapter so the chapter needed to be open to take trash that contained the

disease as well as handling of the money could potential have carried the disease.

- iii. The community needed services such as delivering heating items such as woods and coal to keep warm during COVID-19 when they couldn't go out due to be in quarantine.
 - iv. The community was blessed with donations from the outside entities that allowed the chapter to disburse cleaning kits at the chapter with a drive by event with having your windows up and also home delivering by the chapter was also done for positive constituents by leaving the items on the door step.
 - v. The community was blessed with donations from outside entities that allowed the chapter to disburse food boxes including water to the homes of positive constituents and drive events were held in order to full the need of the community.
 - vi. The community got home test kits, mask, face shield, Clorox and hand sanitizers that needed to be disbursed throughout the community so drive up event took place.
 - vii. The community did request for burial services that people past from COVID-19 so our works needed to go up to the gravesite to dig the hole and cover the grave also with filling out with paperwork at the chapter house.
 - viii. Navajo Nation hardship applications needed to be face to face because most of the community needed help with filling out application since this was new to everyone we needed document that needed to be copied at this time.
 - ix. Our chapter also had a hay and feed distribution during this time so we had a drive through event on the chapter tract.
- d. **PREMIUM Pay** Nazlini Chapter Government is asking for the assistance from the US Government to help compensate the employees that worked during the pandemic from March 03, 2020 through April 10, 2023. These employees haven't received any compensation for premium pay. When an employee got sick with COVID-19 they didn't have sick leave so they most went without pay this would be able to restore that from the time they were sick and the services they provided to their community in the time of the

pandemic. The employees that work her are low and moderate-income employees who work in critical area who performed essential work during the pandemic. My staff regularly had in-person interaction with the public, patients and coworkers that involved regular physical handling of items at work that are also handled by the public, patients or coworkers. The premium pay is going to be awarded by a one-time payment but not exceeding \$25,000.00 or \$13.00 per hour of the employee hourly wage. The monies that will be awarded are only for the hours that the employed worked during the pandemic.

NAZLINI CHAPTER RESOLUTION NAZL-JULY-23-062

APPROVING THE PROPOSED REQUEST FOR ADDITIONAL AMERICAN RESCUE PLAN ACT (ARPA) PROJECTS AND BUDGETS AND REQUESTING THE 25TH NAVAJO NATION COUNCIL FOR SUPPORT AND APPROVAL

WHEREAS:

1. Pursuant to N.N.C., Title 26, Section 101, and the Navajo Nation Council Resources and Development Committee Legislation #RDCF-0052-15 dated February 17, 2015, Nazlini Chapter Government was recognized as an LGA Certified Chapter and delegated with the responsibility and authority to make decisions over local chapter matters; AND
2. Pursuant to Resolution CJN-29-22, the Navajo Nation Council approved the allocation of \$1,070,298,867.00 of the Navajo Nation Fiscal Recovery Funds and approved the Fiscal Recovery Fund Expenditure Plans for chapter and regional projects; AND
3. The Navajo Nation Fiscal Recovery Fund Office anticipates that some chapters and organizations will not be able to encumber and expend allocated funds before the deadlines established by the Federal Government; AND
4. Nazlini Chapter would like to take a proactive approach and be prepared with shovel-ready projects to take advantage of this once in a lifetime opportunity; AND
5. Nazlini Chapter will submit the additional proposed projects to the Navajo Nation Fiscal Recovery Fund Office, Division of Community Development and Navajo Department of Justice to determine project eligibility.

NOW THEREFORE BE IT RESOLVED THAT:

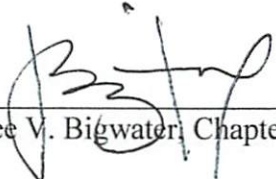

1. The Nazlini Chapter hereby approves the proposed request for additional American Rescue Plan Act (ARPA) projects and budget and requests the 25th Navajo Nation Council for support and approval as listed below.
