Subject: Construction of Vendor Village

This is a memo of support for the planned construction of a vendor village in the area between Holiday Inn and the park Welcome Center. Such construction should be subject to appropriate analysis under the National Environmental Policy Act (NEPA) and consistent with the enabling legislation for Canyon de Chelly National Monument, 16 U.S.C. §§ 445-445b. The National Park Service anticipates that any waiver required by the Navajo Nation for construction of the vendor village would be obtained by the Chapter. In 2015, the National Park Service approached the Navajo Nation and the Chinle Chapter about the possibility of a vendor village as there have been a number of issues and concerns regarding vendors over the years. I have attended several meetings with Chinle Chapter officials and have reviewed the draft plan for the Vendor Village. Along with the Vendor Village, the chapter is interested in constructing a community park, green area, fee collection booth, parking area, and visitor pick-up area for tour guide businesses. In addition, the chapter would like to construct some facilities within the park boundary.

The National Park Service is supportive overall of this endeavor and would request that the Chapter officials take into consideration the following:

- The National Park Service and the Chinle Chapter should continue to work on an agreement for maintenance of facilities, location of facilities, appropriate activities in the monument, etc.
- The National Park Service has made a large investment in restoring the area within the park boundary that the Chapter would like to develop. The National Park Service would support preserving this restored area as primarily green space and appropriate facilities for park visitors.
- The vendor issues continue to be of concern and the National Park Service would like for the Chinle Chapter to consider a vendor policy or regulations for all vending both in the vendor village and inside the park.
- The National Park Service requests the Chinle Chapter to reconsider fee collection. There is a lot of local traffic on the road and it may be difficult to divert people to pay a fee. The visitor count for the park includes a large number of local persons who are counted because they use Welcome Center facilities and recreate in the park. There may be other, more feasible means for the chapter to increase funds. One possibility is that if the Chapter locates the parking area outside the park boundary the chapter could easily charge a parking fee for the day.

3. PROJECT DESCRIPTION

The Vendor Village project consists of multiple structures and improvements sitting on approximately 19 acres of land located between the Chinle Holiday Inn and the entrance into Canyon de Chelly National Park. The project will house up to 50 spaces for vendors to operate, as well as a common parking lot for the tourist and vendor area. There will also be a community park component consisting of basketball courts, sand volleyball courts, playgrounds, and a walking trail. The project will also include a small amphitheater.

The project is currently in the conceptual phase. A design team will be selected in early 2022 to expand the concept into a design with construction documents. It is anticipated that the site will have earthwork and grading throughout most of the area. It is also anticipated that new underground utilities will be constructed to serve the site including water, sewer, and electricity. Two new driveways connected to the main road are also expected.

4. SCOPE OF SERVICES

The Chinle Chapter Government has secured a 5-Year Land Designation Withdrawal for this area of land through the Navajo Land Department. The final land clearances and environmental studies are needed to allow the Chapter to attain full designation of the land for the Vendor Village project. The scope of services for the successful bidder will be to provide the required surveys to obtain the final release from the Land Department, including appropriate boundary surveys. The survey must include National Park Service and Navajo Trust Land; survey points, data showing differences in plots, and GPS coordinates

5. PROJECT SCHEDULE

The concept of the Vendor Village project dates back to the 1980's. The Chinle Chapter is now focusing on bringing this concept to reality. The Chapter has received funding for pre-design activities that must be expensed in the Spring of 2022. The Chapter would like to have the pre-design scopes of work done as quickly as possible, with the hopes of design work beginning in June 2022. The proposers shall identify a timeline of activities for this scope of work and propose a completion date when all reports will be received.

6. QUALIFICATIONS

COMMON POLICY CONDITIONS

This endorsement modifies insurance provided under VIRTUE PACK SERVICE BUSINESS PACKAGE POLICY.

Notwithstanding anything contained to the contrary in this VIRTUE PACK Service Business Package Policy, it is hereby agreed that all coverages bound and scheduled in the VIRTUE PACK Service Business Package Policy Declarations or the Contractors Pollution Liability Supplemental Declarations are subject to the following terms and conditions. In the event of a conflict between the provisions of these Common Policy Conditions and any Coverage Part, the provisions of these Common Policy Conditions shall control.

A. LIMITS OF LIABILITY AND DEDUCTIBLE - ALL COVERAGE PARTS

1. With the exception of any defense costs paid under the Commercial General Liability Coverage Part, the General Aggregate Limit Applicable to All Coverage Parts Combined, shown in the Declarations under Item III: Limits of Liability, is the most we will pay for the sum of CLAIMS, CLAIMS EXPENSES, occurrences or damages under all Coverage Parts, Optional Coverages, Supplemental Coverages, and Supplementary Payments under this VIRTUE PACK Service Business Package Policy.
2. If any CLAIM under any Coverage Part of this VIRTUE PACK Service Business Package Policy applies to multiple Coverage Parts, then the General Aggregate Limit Applicable to All Coverage Parts Combined, shown in the Declarations shall be limited to the highest applicable Limit of Liability payable under any one of the applicable Coverage Parts, with the exception of any applicable Excess Liability Coverage.

B. ADDITIONAL INSURED

1. It is understood and agreed that Section II. WHO IS AN INSURED of the Commercial General Liability Coverage Part and Section IV. DEFINITIONS, Paragraph I. INSURED of the Contractors Pollution Legal Liability and Professional Liability Coverage Parts, as applicable, are amended to include ADDITIONAL INSUREDS, but only with respect to liability for "bodily injury," "property damage," "personal and advertising injury" or LOSS caused, in whole or in part, by:
 - a) "your work", YOUR SERVICES, or PROFESSIONAL SERVICES performed for that ADDITIONAL INSURED and included in the "products-completed operations hazard";
 - b) Your acts or omissions in the performance of your ongoing operations for that ADDITIONAL INSURED; or
 - c) The acts or omissions of those acting on your behalf in the performance of your ongoing operations for that ADDITIONAL INSURED.

However:

1. The insurance afforded to such ADDITIONAL INSURED only applies to the extent permitted by law; and
 2. If coverage provided to the ADDITIONAL INSURED is required by a contract or agreement, the insurance afforded to such ADDITIONAL INSURED will not be broader than that which you are required by the contract or agreement to provide for such ADDITIONAL INSURED.
2. With respect to the insurance afforded to any ADDITIONAL INSURED, the following is added to Section III. LIMITS OF INSURANCE of the Commercial General Liability Coverage Part and Section V. LIMITS OF LIABILITY AND DEDUCTIBLE of the Contractors Pollution Legal Liability and Professional Liability Coverage Parts:

If coverage provided to the ADDITIONAL INSURED is required by a contract or agreement, the most we will pay on behalf of the ADDITIONAL INSURED is the amount of insurance:

 - a. Required by the contract or agreement; or
 - b. Available under the applicable Limits of Insurance, whichever is less.

- b. The spouse, child, parent, brother or sister of that person as a consequence of INJURY OR DAMAGE to that person at whom any of the employment-related practices described in paragraphs (1), (2) or (3) above is directed.

This exclusion applies whether the injury-causing event described in paragraphs (1), (2) or (3) above occurs before employment, during employment or after employment of that person.

This exclusion applies:

1. Whether the insured may be liable as an employer or in any other capacity; and
2. To any obligation to share damages with or repay someone else who must pay damages because of the injury.

6. Employer's Liability

BODILY INJURY to:

1. An EMPLOYEE of the INSURED, its parent, subsidiary or affiliate, arising out of and in the course of employment by the INSURED or while performing duties related to the conduct of the INSURED'S business; and
2. The spouse, child, parent, brother or sister of that EMPLOYEE as a consequence of Paragraph 5 a. above.

This exclusion applies whether the INSURED may be liable as an employer or in any other capacity and to any obligation of any INSURED to share damages with or repay someone who must pay damages because of such BODILY INJURY. This exclusion does not apply to liability assumed by the INSURED under an INSURED CONTRACT.

7. Related Claims

Any coverage provided under this Policy shall not apply to a CLAIM previously reported to the Company or any CLAIM or CLAIMS EXPENSES involving substantially the same general conditions or allegations that gave rise to any demand as referenced in the application, including any addendum or addenda attached thereto.

8. Injunctive Relief, Fines and Penalties

Any CLAIM seeking injunctive relief or payment for fines or penalties.

9. Project Coverage

Any liability or obligation from any project for which any INSURED is an insured on a separate project-specific policy issued by any insurance company.

10. Any CLAIM arising from: false arrest, detention or imprisonment, malicious prosecution; the wrongful eviction from, wrongful entry into, or invasion of the right of private occupancy of a room, dwelling or premises that a person occupies, committed by or on behalf of its owner, landlord or lessor; oral or written publication, in any manner, of material that slanders or libels a person or organization or disparages a person's or organization's goods, products or services; or oral or written publication, in any manner, of material that violates a person's right of privacy; the use of another's advertising idea in any advertisement; or infringing upon another's copyright, trade dress or slogan in your advertisement.

11. Unsolicited Communications

Unsolicited communications means any form of communication, distribution, or the transmittal or publication of information or material, including, but not limited to facsimile, electronic mail, postal mail, express mail, telephone, internet or web-based advertisement, instant message, SMS message or text message that the recipient has not specifically requested. It is understood and agreed that for the purposes of this Endorsement the following definition shall apply.

A. ADDITIONAL INSURED means:

2. Any person or organization the NAMED INSURED is required to name as an additional insured in a written contract or agreement, but only with respect to "your work," YOUR SERVICES or PROFESSIONAL SERVICES performed by or on behalf of the NAMED INSURED for that person or organization. However, such persons or organizations are covered only with respect to "bodily injury," "property damage," "personal and advertising injury," or LOSS arising out of "your work," YOUR SERVICES or PROFESSIONAL SERVICES and are not covered for any "bodily injury," "property damage," "personal and advertising injury," or LOSS arising out of the person's or organization's own liability.

1. Cross Suits

D. GENERAL CONDITIONS

1. **Actions Against Company:** No action shall lie against the Company unless, as a condition precedent thereto, each **INSURED** has fully complied with all of the provisions of this Policy, or until the amount of the **INSURED'S** obligation to pay shall have been finally determined either by written agreement of the **INSURED** or by judgment against the **INSURED** after actual trial and appeal has been concluded.

Any person, organization or legal representative thereof who has secured such judgment or written agreement shall thereafter be entitled to recover under this Policy to the extent of the insurance afforded by this Policy. No person or organization shall have any right under this Policy to join the Company as a party to any action against the **INSURED** to determine the **INSURED** liability, nor shall the Company be impleaded by the **INSURED** or his legal representative.

2. **Additional Premiums:** If, during this **POLICY PERIOD**, an increase in the risk or hazards covered hereunder occurs, the Company shall have the right to charge the appropriate additional premium.

3. **Assignment:** This Policy may not be assigned and shall be void if assigned or transferred without prior written consent of the Company.
4. **Bankruptcy or Insolvency:** Bankruptcy or Insolvency of the INSURED or of the INSURED estate shall not relieve the Company of any of its obligations hereunder.
5. **Cancellation:** This Policy may be cancelled by the NAMED INSURED by surrender thereof to the Company or any of its authorized agents or by mailing written notification stating when thereafter the cancellation shall be effective. This Policy may be cancelled by the Company for any reason, by mailing to the NAMED INSURED at the address shown in the Policy, written notification not less than 60 days (10 days for nonpayment of premium) thereafter such cancellation shall be effective. Proof of mailing of such notification shall be sufficient proof of notification. The time of surrender or the effective date and hour of cancellation stated in the notification shall become the end of the POLICY PERIOD. Delivery of such written notification either by the NAMED INSURED or by the Company shall be equivalent to mailing. If the NAMED INSURED cancels, earned premium shall be computed in accordance with the customary short rate table and procedure. If the Company cancels, earned premium shall be computed pro rata. Premium adjustment may be either at the time cancellation is effected or as soon as practicable after cancellation becomes effective, but payment or tender of unearned premium is not a condition of cancellation.
6. **Changes:** Notification to any agent or knowledge possessed by any agent or by any other person shall not effect a waiver or a change in any part of this Policy or estop the Company from asserting any right under the terms of this Policy; nor shall the terms of this Policy be waived or changed, except by endorsement issued to form a part of this Policy.
7. **Choice of Law:** The policy shall be governed and construed in accordance with the laws of the State of New York, without giving effect to conflict of law rules.
8. **Coverage Territory.** This Policy applies to CLAIMS made:
 - a. In the United States of America (including its territories and possessions), Puerto Rico and Canada;
 - b. International waters or airspace, but only if the injury or damage occurs in the course of travel or transportation between any places included in Paragraph 1 above; or
 - c. All other parts of the world if the injury or damage arises out of:
 - i. Goods or products made or sold by the INSURED in the territory described in Paragraph a. above; or ii. The activities of a person whose home is in the territory described in Paragraph a. above, but is away for a short time on your business.

provided the insured's responsibility to pay damages is determined in a CLAIM on the merits, in the territory described in Paragraph a. above or in a settlement we agree to.
9. **Declarations and Representations:** By acceptance of this Policy, the NAMED INSURED agrees that the statements contained in the Application for insurance, all supplemental materials, CLAIM information and any other information including submitted to the Company, including but not limited to the aforementioned, are accurate and complete at the time such information was reported. All submitted information comprise the INSURED'S agreements and representations, and knowledge that this Policy is issued in reliance upon the truth of such representations and that this Policy Declarations, Provisions, and Endorsements embody all agreements existing between all INSUREDS and the Company and supersede any prior express or implied agreements relating to this Policy.

The NAMED INSURED acknowledges and agrees that the Application and any other information submitted by the NAMED INSURED is incorporated into, and is part of, this Policy. The NAMED INSURED also acknowledges and agrees that the representations and warranties and contained in the Application or in any other information submitted by the NAMED INSURED in an effort to procure this Policy, are complete, true and correct and that the Company issued this Policy in specific reliance upon the representations and warranties contained in the Application and in any other information submitted by the NAMED INSURED.
10. **Independent Counsel:** In the event the INSURED is entitled by law to select independent counsel to defend the INSURED at the Company's expense, the attorney fees and all other litigation expenses the Company must pay to that counsel are limited to the rates the Company actually pays to counsel the Company retains in the ordinary course of business in the defense of a similar CLAIM or in the community where the CLAIM arose or is being defended.

Additionally, the Company may exercise the right to require that such counsel have certain minimum qualifications with respect to their competency, including experience in defending CLAIMS similar to the one pending against the INSURED and to require such counsel to have errors and omissions insurance coverage. As respects any such counsel, the INSURED agrees that counsel will timely respond to the Company's requests for information regarding the CLAIM. Furthermore, the INSURED may at any time, by its signed consent, freely and fully waive its right to select independent counsel.

11. **Inspection and Audit:** Any of the Company's authorized representatives shall have the right and opportunity, but not the obligation, when the Company so desires, to interview persons employed by the INSURED and to inspect at any reasonable time, during the POLICY PERIOD or thereafter, the INSURED'S premises, equipment, operations, COVERED LOCATIONS and all improvements, structures, products, ways, works, machinery and appliances thereon; but neither the Company nor its representatives shall assume any responsibility or duty to the INSURED or to any other party, person or entity, by reason of such right or inspection. Neither the Company's right to make inspections, nor the actual undertaking thereof nor any report thereon shall constitute an undertaking on behalf of the INSURED or others, to determine or warrant that property or operations are safe, healthful or conform to acceptable engineering practices or are in compliance with any law, rule or regulation. The NAMED INSURED agrees to provide access to appropriate personnel to assist the Company's representatives during any inspection. The Company shall also have the right to examine or audit any financial records of the NAMED INSURED to inspect for accuracy in reporting income or revenue as represented and warranted in the Application. Premium audits may be processed as a result of such inspection, after any policy expires or is terminated. Premium adjustment calculations shall determine additional premiums due, if any, and shall not result in any mid-term downward adjustment of premium.
12. **Material Change in Risk:** The INSURED must endeavor to notify the Company, in writing, of any change in operations which materially increases the risk from that originally assumed by the Company at Policy inception. Any failure by the INSURED to notify the Company may void all additional risk presented to the Company, if that failure to notify the Company presents additional exposure that the company has not had the opportunity to assess or receive due consideration for. The Company reserves the right to rescind all coverage offered under this policy, accordingly.
13. **Mediation and Deductible Credit:** If the INSURED and the Company agree to use Mediation to resolve a covered CLAIM, and is completely resolved by such Mediation, the INSURED's Deductible obligation will be reduced by 75%, subject to a maximum monetary reduction of \$35,000. For the purpose of this paragraph, Mediation means a non-binding process where a neutral panel of individuals assist the parties to reach their own settlement. When this occurs, we will reimburse the NAMED INSURED as soon as practical for any qualifying deductible amount which was already paid by the NAMED INSURED prior to the Mediation.
14. **Minimum Earned Premium:** If this Policy is cancelled at the request of any NAMED INSURED, the total retained by the Company shall not be less than 25.00% .
15. **Nonrenewal:** The Company may non-renew this Policy by mailing or delivering to the NAMED INSURED at the address stated on the Declarations Page, or any endorsement amending the Declarations Page, written notice of nonrenewal at least sixty (60) days before the expiration date of this Policy. The offer of Policy terms, conditions or premium different than those in effect prior to renewal, shall not constitute non-renewal.
16. **Other Insurance:**
Commercial General Liability Coverage Only:
 - a. **Primary Insurance:** This insurance is primary except when b. below applies.
 - b. **Excess Insurance:**
 - (1) This insurance is excess over any other insurance, whether primary, excess, contingent or on any other basis:
 - (a) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
 - (b) That is Fire insurance for premises rented to you or temporarily occupied by you with permission of the owner;

- (c) That is insurance purchased by you to cover your liability as a tenant for "property damage" to premises rented to you or temporarily occupied by you with permission of the owner;
 - (d) If the loss arises out of the maintenance or use of aircraft, "auto" or watercraft to the extent not subject to Exclusion g. of Coverage A (SECTION I); or
 - (e) That is valid and collectible insurance available to you under any other policy.
- (2) When this insurance is excess, we will have no duty under Coverages A or B to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit." If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.
- (3) When this insurance is excess over other insurance, we will pay only the amount of the loss, if any, that exceeds the sum of:
- (a) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
 - (b) The total of all deductible and self-insured amounts under all other insurance.

If a loss occurs involving two or more policies, each of which states that its insurance will be excess, then our policy will contribute on a pro rata basis.

All Other Coverage Parts except the Environmental Impairment Liability Coverage Part: If any part of either LOSS or CLAIMS EXPENSE are covered under this Policy and any other valid and collectible current, prior or subsequent Policy (ies) issued by any other insurer, this Policy shall provide coverage for such LOSS or CLAIMS EXPENSE on a pro rata basis with such other policy according to the applicable Limits of Liability of the applicable Coverage Part and such other policy. This coverage shall apply on an excess basis over any and all Project Specific Policies.

This insurance shall in no way be increased or expanded as a result of the receivership, insolvency, or inability to pay of any insurer with respect to both the duty to indemnify and the duty to defend. This also applies to the INSURED while acting as a self-insured for any coverage. The INSURED shall promptly upon the request of the Company provide the Company with copies of all policies potentially applicable against the liability to which this Policy applies.

The Company's obligation to make any payment for TRANSPORTATION shall be on an excess and non-contributory basis over any other primary and excess insurance available to the INSURED, whether collectible or not.

17. **Primary Non-Contributory:** Except as otherwise specified herein, this Policy shall be considered primary to any similar insurance held by third parties with respect to "your work," YOUR SERVICES and PROFESSIONAL SERVICES performed by you under any written contractual agreement with such third party. It is further agreed that any other insurance which person(s) or organizations(s) as referenced above may have, is excess and non-contributory to this insurance.
18. **Severability:** Except with respect to the Limits of Liability, and any rights or duties specifically assigned in this Policy to the NAMED INSURED, this insurance applies as if each NAMED INSURED were the only NAMED INSURED and separately to each INSURED against whom a CLAIM is made.
19. **Sole Agent:** The NAMED INSURED first listed in the Declarations shall be deemed agent of, and act on behalf of, all other INSUREDS, if any, with respect to all matters involving this policy, including the payment or return of premium, payment of all deductibles, receipt and acceptance of any endorsement issued to form a part of the Policy, giving and receiving notification of cancellation or non-renewal, and the exercise the Policy of the rights provided in the Extended Reporting Period clause, if applicable. The Company shall have the right to seek indemnification from any INSURED or any other person who may be legally liable for the debts of the NAMED INSURED.
20. **Transfer or Recovery Rights:** If the Company pays any amount or incurs CLAIM EXPENSE under this Policy, the Company shall be subrogated to the rights of recovery of each INSURED, against any person, firm or organization. All INSUREDS shall execute and deliver instruments and papers and do whatever else is necessary to secure such rights, including without limitation, assignment of the INSURED rights against any

person or organization on account of which the Company made payment or incurred coverage expense under this Policy. The INSURED shall do nothing to waive or prejudice such rights either prior or subsequent to any CLAIM.

21. Transfer of the NAMED INSURED'S Rights and Duties: The NAMED INSURED'S rights and duties under this policy may not be transferred without the Company's written consent except in the case of death of an individual NAMED INSURED. If an individual NAMED INSURED dies, their rights and duties will be transferred to the NAMED INSURED'S legal representative, but only while acting within the scope of duties as the NAMED INSURED'S legal representative. Until the NAMED INSURED'S legal representative is appointed, anyone having proper temporary custody of the NAMED INSURED'S property will have the NAMED INSURED'S rights and duties, but only with respect to that property.
22. Waiver of Subrogation: The Company waives any right of recovery it may have against any person(s) or organization(s) to whom the NAMED INSURED agrees, in a written contract, to provide a waiver of subrogation because of payments the Company makes for injury or damage arising out of the YOUR SERVICES done under a contract with that person or organization. This status exists only for the project specified in that contract. The Chapter is soliciting proposals to perform NEPA assessments at the project location. The scope of services will need to meet the requirements of the Navajo Land Department, including Environmental Assessment, Biological and Archeological Clearances.

Partial funding is being provided by the U.S. Department of Commerce, Economic Development Administration. Successful bidder shall meet EDA requirements as it relates to funding of this phase of work.

3. PROJECT DESCRIPTION

The Vendor Village project consists of multiple structures and improvements sitting on approximately 19 acres of land located between the Chinle Holiday Inn and the entrance into Canyon de Chelly National Park. The project will house up to 50 spaces for vendors to operate, as well as a common parking lot for the tourist and vendor area. There will also be a community park component consisting of basketball courts, sand volleyball courts, playgrounds, and a walking trail. The project will also include a small amphitheater.

The project is currently in the conceptual phase. A design team will be selected in early 2022 to expand the concept into a design with construction documents. It is anticipated that the site will have earthwork and grading throughout most of the area. It is also anticipated that new underground utilities will be constructed to serve the site including water, sewer, and electricity. Two new driveways connected to the main road are also expected.

4. SCOPE OF SERVICES

The Chinle Chapter Government has secured a 5-Year Land Designation Withdrawal for this area of land through the Navajo Land Department. The final land clearances and environmental studies are needed to allow the Chapter to attain full designation of the land for the Vendor Village project. The scope of services for the successful bidder will be to provide the required studies and reports to obtain the final release from the Land Department. The studies include historical and archaeological analysis, 100-year floodplain delineation, biological and environmental impacts to the area and to Canyon de Chelly, as well as threatened and endangered species review.

This project is being funded by a grant from the United States Department of Commerce Economic Development Administration (EDA). The Scope of Services includes preparation of an Environmental Narrative (see attached EDA Environmental Narrative Template) in accordance with the EDA Financial Assistance Standard Terms and conditions (see also attached.) The Recipient must provide to EDA the documentation EDA determines is necessary to complete its National Environmental Policy Act (NEPA) analysis. The following areas have been identified as needing additional information to complete a NEPA review for the construction of the proposed project: Historical and Archaeological Analysis update; analysis of impacts to Canyon de Chelly National Monument; Updated threatened and endangered species review; impacts to the 100-year floodplain; traffic impact analysis; stormwater runoff and appropriate controls; design capacity of the sanitary treatment system and whether it can handle additional flows; identify any current or potential risks to the project due to climate change (e.g., flooding, wildfires, sea level rise, severe weather).

5. PROJECT SCHEDULE

The concept of the Vendor Village project dates back to the 1980's. The Chinle Chapter is now focusing on bringing this concept to reality. The Chapter has received funding for pre-design activities that must be expensed by EDA's timeline. The Chapter would like to have the pre-design scopes of work done as quickly as possible, with the hopes of design work beginning in early 2022. The proposers shall identify a timeline of activities for this scope of work and propose a completion date when all reports will be received.

6. QUALIFICATIONS

Proposing firms shall be properly licensed to perform this scope of work. Firms shall demonstrate an expertise in providing environmental studies and clearances as well as experience on similar types of projects.

7. SUBMITTAL REQUIREMENTS & EVALUATION CRITERIA

The Chinle Chapter Government and Project Team will evaluate all proposals and base the potential award on the following criteria:

- **Firm Experience – 20 Points:** Demonstrate overall firm experience as it relates to this project, including Key Personnel experience.
- **Previous Projects – 20 Points:** List Three (3) projects that are similar in scope, including size, location, and complexity. Also list references for each project.
