Disclaimers:

If additional information has been requested and you wish to provide it, please resubmit all the required forms updated to include the additional information. Full resubmission will expedite the Initial Eligibility Determination process. Therefore, please include a new RFS form indicating resubmission, revised Appendix A, Budget Form 1, and other supporting documents. **Please email your resubmission to arpa@nndoj.org.** Please be aware that under Resolution BFS-31-21 a Project or Program can only be reviewed twice, therefore it is critical that you include all the requested additional information for your second submission.

An NNDOJ Initial Eligibility Determination is based on the documents provided, which NNDOJ will assume are true, correct, and complete. Should the Project or Program change in any material way after the initial determination, the requestor must seek the advice of NNDOJ. An initial determination is limited to review of the Project or Program as it relates to whether the Project or Program is a legally allowable use – it does not serve as an opinion as to whether or not the Project or Program should be funded, nor does it serve as an opinion as to whether or not the amount requested is reasonable or accurate.

Additional Information
for Kaibeto Affordable Housing for Kaibeto Community members.

1. A. What is the criteria to be approved for a new home/How will recipients be selected?

Please see attached application criteria for Kaibeto Project.

2. Please describe in more detail the homes to be built, including square footage, number of bedrooms, etc.

The homes will be a single modular home with two bedrooms, kitchen, living room and bathroom area. Homes will either be built or be mobile homes. The square footage is 864 square feet and approximately 24 x 36 in size.

3. Please describe how the estimated size and cost per home compares to homes in the area?

I do not know the estimated size and cost per home in the area as most homes are based on different income criteria and eligibility determination for housing assistance. Some homes are old and there are a lot of mobile homes that are purchased by homeowners.

4. Please explain whether the home construction projects would qualify for any federal funded housing programs, including, but not limited to the National Housing Trust Fund, Indian Housing Block Grant program, the Indian Community Develop Block Grant program, or the BIA Housing Improvement Program.

I am not familiar with those programs and do not know how this will benefit these families in need. I am sure that majority of these families have applied for assistance for housing with Navajo Housing Authority and other entities to try to secure housing, but to no avail as housing was not available. With that being said, this is the opportune time to get these families in homes especially those that are in dire need and the eligibility criteria being used.
