RE: CJY-52-23 *An Action Relating to the Naabik'iyáti' Committee and Navajo Nation Council; Approving the Navajo Nation Fiscal Recovery Fund Delegate Region Project Plan for Honorable Seth Damon's Delegate Region (Chapters: Bááhááli, Chichiltah, Manuelito, Tsé Łichíí, Rock Springs, Tsayatoh)*

Dear Speaker Curley,

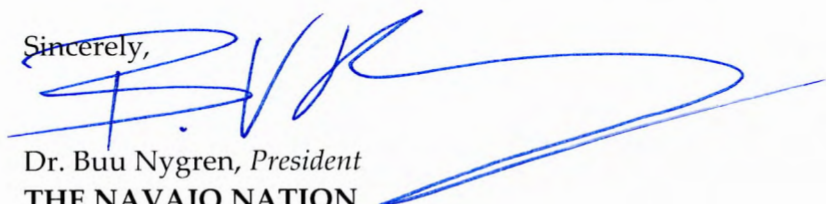

I am pleased to sign into law this resolution CJY-52-23 approving the Fiscal Recovery Funds Delegate Regional Project Plan for Honorable Damon's Delegate Region in the amount of \$8,802,340.

My Administration supports the plans of these Chapters who have worked very hard to put together their Regional Plans and is working very closely with the Fiscal Recovery Fund Office to ensure that these funds are put to use. As such, when Chapters are running into roadblocks in expending their Fiscal Recovery Funds and the roadblock is coming from the Executive Branch, I encourage them to reach out to the Office of the President and Vice President and inform my office of the roadblock and we will work to overcome those roadblocks.

I do want to take the moment to express my concern that any amendments to the Regional Plans must be approved by the Council. In addition, the prior Navajo Nation Council has set the expectation that Fiscal Recovery Funds be encumbered by June 30, 2024. This deadline is not far off. As a construction expert, I know that there are unpredictable factors that can prevent even the best of plans from moving forward on the proposed timeline. We should be designing systems that are flexible, accountable, and transparent. We do not currently have that system and I look forward to working with you and the entire Council to improve the Navajo Nation systems, so we are supporting our communities to take advantage of this historic funding.

Now let's get to work!

Sincerely,

Dr. Buu Nygren, *President*
THE NAVAJO NATION

RESOLUTION OF THE
 NAVAJO NATION COUNCIL
 25th NAVAJO NATION COUNCIL - FIRST YEAR, 2023

AN ACTION

Part 2. Expenditure Plan details.

(a) Describe the Program(s) and/or Project(s) to be funded, including how the funds will be used, for what purposes, the location(s) to be served, and what COVID-related needs will be addressed:

Baahaali has a livestock well that needs to be elevated to include human use for drinking, cooking and washing hands. The COVID19 pandemic made this abundantly clear when families with no piped water preferred to haul 500+ gallons of water for domestic use from the livestock well than the chapter's water point (installed by IHS) which had an initial limit of one 5-gallon container per family member. COVID 19 created a desperate need for more water for families without piped water in their home and this desperation continues today as we enter our 3rd year of the pandemic emergency. The water well is located at the entrance of the 22-acre chapter compound, 190 Rodeo Road. document attached

(b) Explain how the Program or Project will benefit the Navajo Nation, Navajo communities, or the Navajo People:

The improved water well benefits families in Baahaali and two neighboring communities. Access to clean water will improve the public health of the community which is part of the Navajo Nation. With adjunct poverty and high inflation in chapter communities, driving 2/10 miles for clean water at Baahaali beats driving 13/30 miles to Gallup. Community members deserve to have reasonable and fair access to clean water in their community and this can be accomplished by upgrading the well. document attached

(c) A prospective timeline showing the estimated date of completion of the Project and/or each phase of the Project. Disclose any challenges that may prevent you from incurring costs for all funding by December 31, 2024 and/or fully expending funds and completing the Program(s) or Project(s) by December 31, 2026:

APPENDIX A

Upon approval of funds, Baahaali Chapter will procure the 1st phase of the project by submitting a request for bid, followed by a selection of a contractor (3 months). A design build model will be used for the water well construction which will include replacing the 10,000 gallon water tank to 15,000 gallons and installing 30,000 gallon water storage tank. A new water pump will be installed to meet the new capacity of the water tank and area around the water well will be chipped sealed to prevent muddy conditions created by customers. These, and other improvements will take 12 months. document attached

(d) Identify who will be responsible for implementing the Program or Project:
The Chapter Manager will be the Lead Project Manager for the Water Well Improvements Project. document attached

(e) Explain who will be responsible for operations and maintenance costs for the Project once completed, and how such costs will be funded prospectively:
Baahaali Chapter and Navajo Water Resources Management will have full responsibility of the maintenance and operation of the Water Well. The chapter has sufficient funds to establish a maintenance account for the well. The chapter custodian will be responsible for the daily (M - F) operation of the well for public use. document attached

(f) State which of the 66 Fiscal Recovery Fund expenditure categories in the attached U.S. Department of the Treasury Appendix 1 listing the proposed Program or Project falls under, and explain the reason why:
5.13, Water Source
5.14, Water Storage document attached

4. The COVID-19 pandemic made it abundantly clear that Bááháálí Chapter desperately needs to upgrade their existing water well for household domestic use. During the COVID-19 Pandemic Emergency, Baahaali Chapter identified twenty-four homes without a piped water system. Before and during the COVID-19 Pandemic Emergency many of these families hauled water (500 – 1,000 gallons) from the water well despite its limited use for "livestock only" because the water is free and has easy access (related to driving distance). However easy access to the water became challenging during winter months (November – March) because the water well is closed to prevent frozen and broken pipes during cold temperatures. Baahali Chapter is applying for funds to plan, design, construct and equip Improvements to the Baahaali Water Well in the amount of \$250,000.

NOW THEREFORE BE IT RESOLVED THAT:

1. Bááháálí Chapter hereby strong supports and approves the request in the amount of \$250,000 to plan, design, construct and equip Improvements to the Water Well to provide families with no running water in the home easy access to clean water for domestic use. The COVID-19 virus has proven that families with access to clean

water can help stop the spread of COVID-19 infections which had taken an enormous toll on our Navajo people.

2. Bááháálí Chapter will utilize and expend these funds within the Navajo Nation deadlines to procure and complete the project by September 30, 2025.

CERTIFICATION

We hereby certify that the foregoing resolution was duly considered and moved by adoption at a duly called meeting at Bááháálí (Navajo Nation), New Mexico at which a quorum was present and that the same was passed by a vote of 08 in favor, 00 opposed and 03 abstaining on this 21st day of November, 2022.
