RE: *CJY-64-23 An Action Relating to the Naabik'iyáti' Committee and Navajo Nation Council; Approving the Navajo Nation Fiscal Recovery Fund Delegate Region Project Plan for Honorable Carl R. Slater's Delegate Region (Chapters: Tsaile/Wheatfields, Lukachukai, Round Rock, Tsé Ch'ízhí, Rock Point)*

Dear Speaker Curley,

I am pleased to sign into law this resolution CJY-64-23 approving the Fiscal Recovery Funds Delegate Regional Project Plan for Honorable Slater's Delegate Region in the amount of \$5,200,386.

My Administration supports the plans of these Chapters who have worked very hard to put together their Regional Plans and is working very closely with the Fiscal Recovery Fund Office to ensure that these funds are put to use. As such, when Chapters are running into roadblocks in expending their Fiscal Recovery Funds and the roadblock is coming from the Executive Branch, I encourage them to reach out to the Office of the President and Vice President and inform my office of the roadblock and we will work to overcome those roadblocks.

I do want to take the moment to express my concern that any amendments to the Regional Plans must be approved by the Council. In addition, the prior Navajo Nation Council has set the expectation that Fiscal Recovery Funds be encumbered by June 30, 2024. This deadline is not far off. As a construction expert, I know that there are unpredictable factors that can prevent even the best of plans from moving forward on the proposed timeline. We should be designing systems that are flexible, accountable, and transparent. We do not currently have that system and I look forward to working with you and the entire Council to improve the Navajo Nation systems, so we are supporting our communities to take advantage of this historic funding.

Now let's get to work!

Sincerely,

Dr. Buu Nygren, President
THE NAVAJO NATION

NAVAJO TRIBAL UTILITY AUTHORITY
AN ENTERPRISE OF THE NAVAJO NATION

January 3, 2023

Honorable Carl Slater, Council Delegate
Navajo Nation Council
P.O. Box 34
Round Rock, AZ 86547

RE: Utility Analysis Letter for The Round Rock Chapter Shopping Center

Honorable Slater,

The Navajo Tribal Utility Authority (NTUA) has completed both the power and water capacity analysis on the existing systems that serve the Round Rock community which will serve the Round Rock Shopping Center. A breakdown of the analysis will be broken down by utility below:

Power

NTUA Electrical Engineering Department has completed the capacity analysis that is coming from the Round Rock Substation and the distribution line to the proposed site of the shopping center, it has been determined that the existing substation does have capacity. Regarding the distribution line, it will need to be upgraded from the substation to the proposed commercial development tract. This upgrade will consist of installing 4/0 ACSR to the site. This load analysis is based on the peak loading data of the existing line and the estimated total KVA load that will be added for the Round Rock Shopping Center.

The total power Construction Budgetary Cost Estimate is \$222,311.59.

Water

NTUA Water-Wastewater Department has completed the capacity analysis from the Round Rock 3 water system and at this time it is currently pumping at 13.9 hours per day. The Round Rock 3 water system is stressed, adding an additional 15,000 GPD would increase the rate to 16.7 hours per day. The current system is a stand-alone system with a 12-hour pumping capacity. Therefore, the existing water system would need to be upgraded to support the development.
