RE: *CJY-67-23 An Action Relating to the Naabik'iyáti' Committee and Navajo Nation Council; Approving the Navajo Nation Fiscal Recovery Fund Delegate Region Project Plan for Honorable George H. Tolth's Delegate Region (Chapters: Littlewater, Pueblo Pintado, Torreón, Whitehorse Lake, Baca/Prewitt, Casamero Lake, Ojo Encino, Counselor)*

Dear Speaker Curley,

I am pleased to sign into law this resolution CJY-67-23 approving the Fiscal Recovery Funds Delegate Regional Project Plan for Honorable Tolth's Delegate Region in the amount of \$4,730,125.11.

My Administration supports the plans of these Chapters who have worked very hard to put together their Regional Plans and is working very closely with the Fiscal Recovery Fund Office to ensure that these funds are put to use. As such, when Chapters are running into roadblocks in expending their Fiscal Recovery Funds and the roadblock is coming from the Executive Branch, I encourage them to reach out to the Office of the President and Vice President and inform my office of the roadblock and we will work to overcome those roadblocks.

I do want to take the moment to express my concern that any amendments to the Regional Plans must be approved by the Council. In addition, the prior Navajo Nation Council has set the expectation that Fiscal Recovery Funds be encumbered by June 30, 2024. This deadline is not far off. As a construction expert, I know that there are unpredictable factors that can prevent even the best of plans from moving forward on the proposed timeline. We should be designing systems that are flexible, accountable, and transparent. We do not currently have that system and I look forward to working with you and the entire Council to improve the Navajo Nation systems, so we are supporting our communities to take advantage of this historic funding.

Now let's get to work!

Sincerely,

Dr. Buu Nygren, *President*

Part 2. Expenditure Plan details.

(a) Describe the Program(s) and/or Project(s) to be funded, including how the funds will be used, for what purposes, the location(s) to be served, and what COVID-related needs will be addressed:

An isolated community Rincon Marquez is in dire need for development a local cemetery for extraordinary number of deaths due to the pandemic COVID-19. The space for the cemetery is 200 ft by 100 ft and it needs fencing, an entry way with a gate, clearing of the land, appropriate drainage and barrier outside the fenced area. Expenses for families devastated by the negative affects of COVID-19 has severely affected the mental health of the entire area due to these deaths. Additionally, it has excluded appropriate burials due to no funds for burials. The community would assist families with preparation of burial site and the Chapter would provide machinery for the burials.

document attached

(b) Explain how the Program or Project will benefit the Navajo Nation, Navajo communities, or the Navajo People:

Benefits realized would be tremendous where at least \$500 to \$700 would be saved per burial. The community would realize a substantial reduced need to help foot the cost for burials and would be able to attend burials for families which in turn would help the families with their grief on the spot. Currently, this would,affect at least 20 families with their mental situation.

document attached

(c) Provide a prospective timeline showing the estimated date of completion of the Project and/or each phase of the Project. Disclose any challenges that may prevent you from incurring costs for all funding by December 31, 2024 and/or fully expending funds and completing the

APPENDIX A

Program(s) or Project(s) by December 31, 2026:

The project will provide a secure location for a badly need cemetery in Rincon Matquez for an isolated region on the Navajo Nation in the NM portion of the Navajo Nation. Land for the project is prepared for immediate work and can begin on 10-1-23 dependent on available funds with a completion by December 1, 2025. Funds can be drawn down to expend for the project when made available.

document attached

(d) Identify who will be responsible for implementing the Program or Project.

Division of Community Development, Navajo Nation and the Chapter will implement the project with the CSC, chapter officials and the CLUPC Committee providing needed coordination, monitoring and review.

document attached

(e) Explain who will be responsible for operations and maintenance costs for the Project once completed, and how such costs will be funded prospectively.

Local community members with assistance from the Chapter will maintain the project area and community members will provide routine surveillance for needed security. Support costs for the finished project will be budgeted in to each funding cycle for the Chapter.

document attached

(f) State which of the 66 Fiscal Recovery Fund expenditure categories in the attached U.S. Department of the Treasury Appendix 1 listing the proposed Program or Project falls under, and explain the reason why.

The project falls into 1.12 Mental Health and/or 2.22 Strong Healthy communities: Neighborhood Features that Promote Health and Safety. The mental health situation is devastating for a community of 1,500 and where deaths is estimated at 60. The mental conditions associated with costs to handle these burials is estimated at \$180,000.00 not including burial costing an estimated \$72,000.00. The media income is \$8,000 per household and after covering family needs, transportation, utilities, and medical needs estimated at \$429,000.00 there remains \$850.00 for other expenses such as burials and each burial costing \$4,200.00. One can image the mental stress this has caused and is causing now. The after affects of these burials is much more than just thinking about covering costs for the burials.
