**Part 2. Expenditure Plan details.**

(a) Describe the Program(s) and/or Project(s) to be funded, including how the funds will be used, for what purposes, the location(s) to be served, and what COVID-related needs will be addressed:

The Casamero Lake Chapter would like funding for purchase of a new F450 Diesel Super-Duty truck to handle the large load needed to provide services for the community. The purchase will be utilized to haul heavy equipment usage within the boundries of the Casamero Lake Community as well as neighboring communities to meet requests for digging, snow removal, road grading, gravesite digging, and road maintenance for community nonservice roads to homes. We plan to purchase a flatbed trailer as well to keep maintenance, diesel usage, and wear and tear to a minimal for our equipment. Gravesite digging have been requested by famillies of victims of ongoing COVID-19  document attached

(b) Explain how the Program or Project will benefit the Navajo Nation, Navajo communities, or the Navajo People:

This will assist in transporting all heavy equipment to locations our community members need assistance with digging, snow removal, road grading, gravesite digging, and continued road maintenance. Keeping heavy equipment maintenance and wear and tear to a minimum will help in prolonging services available to the commuity members.  document attached

(c) A prospective timeline showing the estimated date of completion of the Project and/or each phase of the Project. Disclose any challenges that may prevent you from incurring costs for all funding by December 31, 2024 and/or fully expending funds and completing the Program(s) or Project(s) by December 31, 2028:

The Chapter will expend funds and complete purchase by December 31, 2026

document attached

(d) Identify who will be responsible for implementing the Program or Project

The Chapter Administration will work with Chapter Officials and Navajo Nation Division of Community Development Project Manager to complete project.

document attached

(e) Explain who will be responsible for operations and maintenance costs for the Project once completed, and how such costs will be funded prospectively.

The Casamero Lake Chapter will be responsible for operation and maintenance costs and will be included in yearly fiscal budget

document attached

(f) State which of the 66 Fiscal Recovery Fund expenditure categories in the attached U.S. Department of the Treasury Appendix 1 listing the proposed Program or Project falls under, and explain the reason why:

Provision of Government Services 6.1

Our community members were impacted by COVID-19 and suffered sickness requiring emergency carer. Roads were sometimes not passable therefore leaving emergency ambulatory services unavailable to them. Transporting our heavy equipment to areas more than 20 miles from the chapter house is much easier to assist as many people in short time to ensure all roads are passable. Some members have loss of life due to COVID-19 and require assistance in digging graves for burials on their family plots located more than 20 miles from the chapter house. Transport of equipment is less costly in maintenance and fuel in helping the community of Casamero Lake and neighboring communities.
