Part 2. Expenditure Plan details.

(a) Describe the Program(s) and/or Project(s) to be funded, including how the funds will be used, for what purposes, the location(s) to be served, and what COVID-related needs will be addressed:

***Elderly Bathroom Make-Over/ Modification Project:** Fifty-Four (54) community elderly clientele assessed in dire need for a Bathroom Make-Over/ Modification Projects.

In today's modern times, bathroom accessibility and mobility maybe more fully functional for younger age users but are not safe for elderly or disabled individuals or family members and a handicap bathroom environment features is vital for people that are diagnosed with chronic physical conditions that causes mobility issues and Chapter home renovation project needs to be done so the elderly and those with physical condition users can safely move around their homes and their bathroom features handicap accessibility. The Chapter in their elderly bathroom modification projects needs to know what changes needs to be made to creating a more accessible, safe and decent bathroom design for the elderly and physically handicapped individuals and family members, therefore, planning an accessible bathroom design will be important prior to beginning the bathroom modification projects. Some areas of Chapter considerations to accomplish the bathroom modification projects to be a success are as follows, wheelchair accessibility, functionality and interior design consideration, a budget and cost for the modification project, safety features as grab bars near toilets and shower stalls, curb-less shower stalls as accessibility feature and the modification projects being a newly established community project is considered a valuable community project.

ARPA funds will be used for materials and labor. The project will go to the assistance for the elderly to have an ease-of-use bathroom, ranging from those of disrepair to those that do without a bathroom. Will aid the elderly with the capabilities to better help with COVID-19 mitigation. document attached

(b) Explain how the Program or Project will benefit the Navajo Nation, Navajo communities, or the Navajo People:

This project will benefit the elderly by providing safety and comfort at home, improving the physical/mental well-being, burn fall prevention, and use of care for caregivers.

The LMC Community Health Representative's (CHR) assessments and referral for walk-in shower (and/or Ramp) bathroom renovations benefiting the elderly clientele is strongly supported by the CHR. I strongly feel they are in dire need of this renovation to prevent from any injury and to have a healthy lifestyle and safe environment in their homes and this renovation would be a great deal due to their age, weakness and again, to prevent any falls and this project would be good for their well-being. In this proposed Bathroom Modification projects, we are reviewing a proposal for a bathroom renovation looks that by the clients request wants their bathtub removed for safety reasons and a walk-in shower constructed and installed and in some cases, a complete makeover may need to be afforded some clients based on the size of their Bathroom facilities to include, a small new cabinet, flooring, new sinks, toilet bowls and fixtures and may include moving plumbing lines and electrical sockets and cabinet installations and wiring. document attached
