Part 2. Expenditure Plan details.

(a) Describe the Program(s) and/or Project(s) to be funded, including how the funds will be used, for what purposes, the location(s) to be served, and what COVID-related needs will be addressed:

The Chilchinbeto Chapter was the only Navajo community under lockdown during the early days of pandemic. Many lives were lost and the people continue to fear going places or visiting other people. The trauma was very hard on the people. Many homes need to service septic tanks. Many people had built outdoor portie potties because the inside toilets are full. Some of these elderly do not know how to call in the septic service contractors.

document attached

(b) Explain how the Program or Project will benefit the Navajo Nation, Navajo communities, or the Navajo People:

The Navajo Nation will actually indirectly provide a service to the people for their restroom utility needs. The nation will benefit from cleanliness, sanitations, and running water. It is especially hard on ADA people that are on wheel chairs, using crutches, canes, and those that need to use the toilet more often including cold nights.

document attached

(c) A prospective timeline showing the estimated date of completion of the Project and/or each phase of the Project. Disclose any challenges that may prevent you from incurring costs for all funding by December 31, 2024 and/or fully expending funds and completing the Program(s) or Project(s) by December 31, 2026:

March 1, 2023 → March 1st 2024

There is plenty of time. Only the sewer pond closure by NTUA will make it a challenge.

document attached

(d) Identify who will be responsible for implementing the Program or Project.

Chapter Manager, Eugene Badonie has already doing the assessment on number of homes, those that are not being used, and those that are most extreme need. He will be responsible for filing the ARPA paperwork, applications, requisition, and contract including the purchases.

document attached

(e) Explain who will be responsible for operations and maintenance costs for the Project once completed, and how such costs will be funded prospectively:

The Chilchinbeto Chapter will teach the people to saving at least \$30 per month so they do not repeat the predicament in the future. Each owner understands completely what can happen if bills are not paid or services are not make immediately.

document attached

(f) State which of the 66 Fiscal Recovery Fund expenditure categories in the attached U.S. Department of the Treasury Appendix 1 listing the proposed Program or Project falls under, and explain the reason why:

2.1 Household Assistance: Rent, mortgage, utility Aid - The community experienced the worst life threatening pandemic in thier lifetime. Most of them are using septic services to their homes and they were not ready for the pandemic that caused them so much pain. They could not get their septic tank service because of Stay-at-home Executive Orders, No visitations, and the use of mask and gloves. They did everything they could to fend for themselves and they are still staying home and distrust visitors.
