Hi Christina,

It's nice to meet you Christina and begin working together to continue the work on the Sleepy Mtn. Waterline Project. Currently the project is in the last phases of design completion, almost ready for final review before handing off for approval from NECA. Currently our plan is for construction to begin by October 2024. Of course the goal is for construction to begin much sooner if possible. I will do my best to try and move the project along faster.

Attached is a summary for the basic eligibility criteria for services we can provide under the SFC program. It details the major important criteria that separate eligible and non-eligible homes. Some of the main criteria are:

- IHS funds sanitation facilities projects to serve homes only. Homes are defined as 24-hour year-round family dwellings.
- Patients with an existing medical conditions eligible, maybe expedited.

Please feel free to reach out about for with more questions.

Respectfully,

Ryan Marshall
